USE INSTRUCTIONS: Puppies: for use from 20 days up to 12 months of age, soften the product with warm milk or water for a few minutes before administration. The rations should be divided into 3-4 daily meals and can be changed according to the specific needs of each animal. Pregnant and nursing females: increase the usual daily ration at the beginning by 10%, then, for the last weeks, by 25% and maintain the increase throughout the nursing period.

KEEP IN A COOL, DRY PLACE. Best before end / lot Nr / net weight: see print on the package
